

Specialty Pet Grooming, Inc.

Meet Jamie and Nicholas Hubiak, owners of Specialty Pet Grooming, Inc. Jamie, a certified pet groomer, obtained her certification in 2012 and is known for the highest quality in grooming your pet. In 2017, Jamie and Nicholas added daycare and boarding to their services. Jamie and her team are recognized for providing loving care and personalized attention to each pet.

How did the family become involved?

After Jamie started the grooming business in December 2013, the family became involved due to the continued growth. We purchased a property in Old Towne at 1108 Lincoln Avenue. We then added a large building for the daycare and boarding service. Bill and Vicki Hubiak were an integral part of the construction and business side of the addition and many other updates to the facility. They helped connect us with the right people for the right jobs and guide us. Scott Hubiak manages our books and all accounting needs. Jamie's and Nicholas's dedication and hard work ethic have been the key to the success of this growing business.

What have you learned from running your business?

Running your own business has many rewards. Through our business, Jamie is able to help foster many dogs throughout the community. Jamie grooms dogs in desperate need of care at Animal Control at no cost. We host events at our business location to help raise funds for local animal rescues. She feels the most rewarding part is being able to foster dogs for long periods of time and help find them a loving and caring home. ✂
